

Mary Meyn, Your Redesign Specialist

When Mary Meyn is asked what word best describes her, she'll often answer "Change". Now, while most people fear change, whether it is their career, clothes, hair or Home Décor, Mary embraces it, and always has. Her husband, Bob, often jokes that he's surprised he's still around after almost 20 years together! The flair for home design that her Father saw in her early on, was further developed during her college years and her career in the Home building industry.

That need and desire for change is what makes Mary the design phenom that she is. From changing styles in her clients' homes to changing and updating merchandise in her fabulous store, Yours & Meyn, Simply Designed, her talent and eye for design has made this lady a "Who's Who" in the McHenry County Home Décor scene.

Having spent the last 25+ years in the Home Industry, Mary and Bob prepare to celebrate the One-Year Anniversary of their new Retail Store in Crystal Lake, Yours & Meyn, Simply Designed. This endeavor has been a culmination of years of experience designing and moving with the ever-changing Home Design industry, and has been the perfect change to McHenry County.
